Paper 2 Graphic Products

October/November 2025

1 hour

Candidates answer on the two inserted answer sheets.

Additional Materials: Standard Drawing Equipment
Calculator

READ THESE INSTRUCTIONS FIRST

Write your centre number, candidate number, and name in the spaces at the top of this page and on two answer sheets.

Do **not** use staples, paper clips, highlighters, glue or correction fluid.

Section A

Answer **all** questions in this section (A1, A2 **and** A3).

Section B

Answer **one** question in this section (B4 or B5).

A calculator should be used.

Draw your answers in the spaces provided on the answer sheets.
All construction and projection lines must be clearly shown.
All dimensions are in millimetres.

At the end of the examination, insert both sheets into this booklet. Do **not** punch holes in the cover and sheets or tie with string.

The number of marks is given in brackets [] at the end of each question or part question.
The total mark for this paper is 50.

This document consists of an **A3** coversheet and **2** inserted A3 sheets.

Section A

Answer **all** questions in this section.

A1 Auto Span garage uses the spanner symbol shown below on signage.

Use geometric constructions to complete the spanner symbol on the right by drawing:

(a) the missing half a regular hexagon [2]

(b) the missing R20 arc that touches the R25 arc and to the top edge. [4]

A2 Given to the right is a signage used by Auto Span to direct customers to its location.

Complete the **AUTO SPAN** signage below by:

(a) adding the three missing letters. All the letters must [5]

be the same height and style as those given [2]

(b) drawing the rectangular border [2]

(c) adding an isosceles triangle to the right-hand end of the rectangle.

isosceles triangle side 50

A3 A model of a truncated hexagonal nut is displayed in the reception area of the Auto Span garage.
Orthographic views of the model are shown below.

In the space to the right, draw an isometric view of the model to a scale of 1:10.
Do **not** include the 300mm hole. [10]

SECTION B

Answer either question B4 or B5.

B4 (a) The number of vehicles brought to the Auto Span garage for maintenance in the year 2022 were as follows:

Vehicle	Quantity
Sedan	12000
SUV	9000
Bakkie	7500
Truck	4500
Minibus	3000

In the space to the right, draw a pie chart to show the number of each type of vehicle that required maintenance in 2022.

[7]

(b) The seasonal sales for each of the spare parts sold in the garage in 2022 are shown below in the data chart.

Spare parts sales 2022			
	Winter	Spring	Summer
Brakes	800	850	450
CV. Joints	550	500	550
Radiators	400	450	900
Total	1750	1800	1900

(i) In the space below, draw a two-dimensional bar chart to show the sales of brakes over the Winter, Spring and Summer in 2022.

[3]

(ii) In the space below, draw a three-dimensional bar chart to show the difference in sales of all the three spare parts in the Winter and Summer of 2022.

B5 The Auto Span garage is running a promotion that is aimed at children.

A card box has been designed for children to take home a model of a car.
The drawing below shows the box fully assembled.

The box uses arrow tabs and slots to join the sides together.

- (a)** In the space to the right, draw a full-size, one-piece development (net) of the box. [22]

The base of the box has been drawn for you.

- (b)** In the space below, design a method of locking the lid without using glue. [3]
