A3 Two signs that are displayed in the library are shown.

No mobile phones

No food or drink

A sign for 'No talking' is also required in the library.

The inner circle of the sign is shown.

- (a) Sketch a design for a 'No talking' sign inside the inner circle. [3]
- (b) Complete the 'No talking' sign by adding the outer circle and diagonal bar. [3]

'No talking' sign

Section B

Answer **one** question, **either** Question **B4** or **B5**, from this section.

B4 An isometric view of a bookend is shown.

The bookend is made from 10 mm thick hardwood.

(a) Complete the orthographic views of the bookend to a scale of 1 : 2. Include hidden detail. [13]

(b) Another bookend is shown. The bookend is made from thin acrylic sheet heated and bent into shape.

- (i) Apply thick and thin line technique to the bookend. [3]
- (ii) Complete the table below to show one tool / item of equipment for each stage of the making process. [2]

process	tool/item of equipment
cutting out the shape from acrylic	Coping saw
finishing the edges	
heating and bending the acrylic sheet into shape	

(c) The dimensions of another acrylic bookend are shown.

Complete the development (net) of the acrylic bookend to a scale of 1 : 2. [5]

development (net)

(d) The acrylic bookend could be drawn and cut out using CAD/CAM.

Describe **one** benefit of using CAD to draw out the development (net) of the bookend.
